**DOMESTIC AND INTERNATIONAL 214 TRANSFER OF CONTROL APPLICATION**

**I. INTRODUCTION**

Telenational Communications, Inc. d/b/a T.N.C. Communications, Inc.<sup>1</sup> ("Telenational" or "Transferee") and iBroadband Networks, Inc. d/b/a Cedar Valley Communications America, Corp. ("iBroadband" or "Transferor") (together, "Applicants"), pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, and Sections 63.03, 63.04(a), and 63.18 of the Commission's Rules, 47 C.F.R. Sections 63.03, 63.04(a), and 63.18, hereby request authority to enable Telenational Communications, Inc. to acquire certain customers of iBroadband Networks, Inc. d/b/a Cedar Valley Communications. The proposed transaction will not result in a loss or impairment of service to iBroadband customers that would be affected by the proposed transaction. This application is therefore submitted as a streamlined transfer of control pursuant to Section 63.03 and 63.18 of the Commission's rules.

**II. SUMMARY OF THE PROPOSED TRANSACTION**

Telenational Communications, Inc. is a Delaware-based local exchange and long distance carrier. Telenational Communications, Inc. is certified to provide local exchange service in one state, Texas, and long distance service in 46 states. Telenational Communications, Inc. also has international Section 214 global resale authority pursuant to FCC rules (ITC-214-19970721-00421).

---

<sup>1</sup> T.N.C. Communications, Inc. is the d/b/a assigned to Telenational Communications, Inc. in the State of Texas.

iBroadband Networks, Inc. d/b/a Cedar Valley Communications is a Texas-based local exchange and long distance carrier. iBroadband is registered, licensed or otherwise authorized to provide long distance services nationwide and local exchange service in one state, Texas.

Applicants have entered into an Asset Purchase Agreement whereby Telenational Communications, Inc. will acquire the 2,255 local exchange and long distance customers in the State of Texas currently served by iBroadband. Following the transaction, these customers will be served by Telenational. The proposed transfer is subject to certain state required notifications and/or approvals and is pending before the Texas s Public Utilities Commission.

Applicants emphasize that the transition of iBroadband customers will be seamless and virtually transparent to the affected customers with only a minor change being made to a non-regulated service (voicemail). Following the transfer, Telenational will provide long distance and/or local exchange service under the same rates, terms and conditions as the customers currently receive from iBroadband. iBroadband customers will not incur any charges as a result of the change in service provider from iBroadband to Telenational.

In accordance with state and Commission rules, Applicants have provided written notice to affected iBroadband customers informing them of the proposed transaction. Service to these customers will not be transferred until the requisite regulatory approvals have been obtained. In addition, Telenational, as the acquiring carrier, has filed with the Commission the notice and certification required by Section 64.1120(e) of the Commission's rules. Applicants seek to consummate the proposed transaction on an expedited basis, with a target date of June 15, 2008, so that Telenational may integrate the acquired customers into its existing business in an orderly fashion, and at the same time expand its presence in the regional market which it serves.

**d) Equity Ownership**

The following individuals directly own ten percent or more of Applicants.

Telenational Communications, Inc. is wholly owned by RapidLink, Inc. RapidLink, Inc. is a public company incorporated in the state of Delaware. Individuals with greater than 10% ownership in RapidLink, Inc. are as follows:

John Allen Jenkins (26%); US citizen whose primary business is RapidLink, Inc.

Christopher James Canfield (18%); US citizen whose primary business is RapidLink, Inc. and Telenational Communications, Inc.

**e) Certification**

Telenational Communications, Inc. and iBroadband Networks, Inc. d/b/a Cedar Valley Communications each certify pursuant to Sections 1.2001 through 1.2003 of the Commission's rules that no party to this Application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. §3301.

**f) Geographic Areas Served**

Telenational is certified to provide local exchange service in one state, Texas, and long distance service in 46 states. iBroadband Networks, Inc. d/b/a Cedar Valley Communications is registered, licensed or otherwise authorized to provide long distance services in one state, Texas, and local exchange service in one state, Texas.

**g) Streamlined Treatment**

Applicants submit that the proposed transaction would result in Telenational Communications, Inc.'s market share in the local and long distance market to be substantially less than ten percent. Telenational Communications, Inc. provides competitive telecommunications and exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to this transaction. Neither applicant is dominant with respect to any service. Therefore, this Application presumptively qualifies for streamlined processing pursuant to Section 63.03(b)(2)(i) of the Commission's rules.

**h) Related FCC applications**

None.

**i) Special Consideration**

None.

**j) Waiver Requests**

Applicants have not filed any waiver requests in conjunction with the proposed transaction.

**k) Public Interest Considerations**

The proposed transaction will serve the public interest by ensuring no interruption of service to the affected customers, and the affected customers will receive the same rates, terms and conditions of service backed by the support services of Telenational, a growing and highly competitive carrier. Because Telenational Communications, Inc. will provide service to iBroadband's former customers at the same rates, terms and conditions of service as they currently receive from iBroadband, the transaction will be virtually transparent to iBroadband customers with only a minor change being made to a non-regulated service (voicemail). Moreover, as set forth above, Applicants have provided written notice of the proposed transaction to ensure that iBroadband customers will understand how the proposed change in service providers will affect them.

For these reasons, the grant of this Application is consistent with the public interest.

Respectfully Submitted,

---
